GLAD®

Prevent food sticking in the freezer
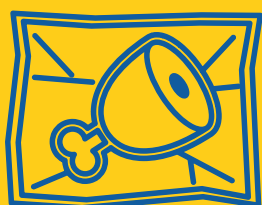

Glad® Go-Between
Freezer Film

GLAD® Commercial **GO-BETWEEN** Freezer Film — SEPARATES FROZEN FOOD — CATERING PACK **50** METRES x 33cm — TO OPEN, TEAR FROM THIS END ▶

CAUTION: SHARP CUTTING EDGE – AVOID CONTACT

Glad® Go-Between allows you to portion control your fresh or frozen food by placing sheets between single layers of steak, veal, schnitzels etc. It is also great for lining freezer containers or freezing individual portions.

**Quick & easy**

Separates individual frozen portions

**Defrost as much or little as needed**
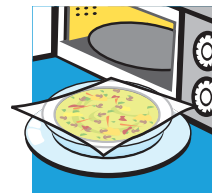

Freezer & Microwave Safe

Usage Application

Remove individual steaks, chops, fish fillets or pancakes easily

Roll pastry between two sheets to prevent sticking and make cleaning up much easier

Cover food to prevent spattering in the microwave

Usage Directions

Place freezer film sheets between single layers of food before placing in the freezer. Can also be used as a cover or liner for food.
