## A New Way to Fight the High Cost of Illness and Maintain a Safer Environment

- ▶ **US \$1,685** — Average annual cost of illness to employees<sup>1</sup>
- ▶ **US \$400,000** — Cost to major university to combat a single Norovirus outbreak<sup>2</sup>
- ▶ **64% of office employees** — reported regular cleaning of equipment and shared spaces as the most important factor for safety and cleanliness<sup>3</sup>
- ▶ **57% of customers** — reported regular spraying/fogging to disinfect shared spaces as the most important factor for safety and cleanliness<sup>3</sup>

**The Clorox Total 360® ProPack System provides complete surface coverage with more mobility to help quickly disinfect large spaces and the most time-consuming, hard-to-reach places.**

### Mobile and Flexible

Lightweight device can be worn all day.

Uses an ergonomically designed backpack harness.

Sprayer holster allows user to perform other tasks without missing a beat.

### Safe, Reliable Delivery

A **15m** electrical cord enables superior, reliable electrostatic performance.

Uses the same trusted Clorox disinfecting solutions that are used with electrostatic sprayers.
